AI / Builder: LLM Product Design | AI Evals | AI-assisted Prototyping | Lovable | Cursor / Claude Code | Rapid MVP Development | Vercel | Python

EXPERIENCE

KPN Fresh - Associate Product Manager |300+ Stores *2024 – Present*
Retail Omnichannel Growth and Monetization Platforms

- Launched milk subscription across Chennai and Bengaluru, driving **40%** store revisit growth, **10%** bill growth, and **15%** GMV uplift; enabled **3M+** POS ROAS tracking via Meta Conversion API.
- Owned **0**-to-**1** launch of centralized, rule-based Promo Manager serving app, web, and POS; enabled non-tech teams to configure promos in less than **5** minutes vs **1** day through reusable eligibility, stacking, and cap-based rule blocks.
- Led SDK/API analytics integrations on Android/iOS (**80+** events); restored **100%** historical Clevertap profiles via BigQuery scripts, uploading **2M+** records for retention campaigns.
- Automated catalog ranking using **15**-day sales with cumulative percentile logic by zone/category, saving **30-35** hrs/month and driving AOV from INR **438** to **491** (~**12%** uplift) in one month.

Customer Experience and Ops Automation – KPN Fresh

- Owned end-to-end refund lifecycle via Razorpay (app/web/CC); processed **4** lakh refunds (**85%** self-served), cut CX calls **45%→15%**, resolution **48** hrs→~**12** mins, driving INR **4** Cr repeat orders.
- Resolved async payment-state issues via Razorpay refund webhooks driving status from payment events; introduced fraud guardrails after ~**80%** of fraud claims traced to one zone, rolling back the feature.
- Delivered **70%** last-mile and **54%** order-to-packed ETA accuracy through ML models, enabling control tower rule-based .

Platform and Scale – KPN Fresh

- Launched centralized CMS reducing release TAT from days to minutes; owned SMS communication reducing cost by **20%** (INR **15L**/month); led POS gap analysis identifying **30+** gaps for POS **2.0** roadmap.
- Ensured compliant, uninterrupted SMS communications by owning KPN Fresh's CPaaS stack (Gupshup, Onextel), including DLT whitelisting and testing new SMS requests in Postman.

Data Product Management – KPN Fresh

- Cut analytics story delivery time by ~**30%** across a shared data function spanning three WestBridge orgs (KPN Fresh, IBO, SAVO), by owning sprint planning and aligning PMs, SPMs, and data engineering on analytics stories.
- Improved demand forecast accuracy ~**15%** and cut manual reporting ~**20** hrs/month by owning KPN Fresh's data foundation (**6+** domains); shipped **5+** Looker dashboards, a prediction algorithm, and Replenishment System (ARS).

Quleep - Product Manager | AR Commerce / Consumer Marketplace (0-to-1) *2023*

- Owned **0**-to-**1** launch of AR-powered B**2**B SaaS marketplace ARNxt (Web, Android, iOS, whitelabel), leading cross-functional execution with engineering and design to deliver MVP and merchant-ready experiences.
- Led AR platform strategy (PRDs, MVP, INR **8** Cr roadmap); built internal tool cutting **3**D/AR catalog onboarding by **24+** hours. Enabled GTM (SaaS, whitelabel, **30+** sellers); selected for IMT Ghaziabad Incubation.

Siemens Ltd - PMO Professional | Program Management (Mobility) *2022*

- Governed INR **1** Cr MPM program, accelerating delivery of **45** initiatives and improving org-level project maturity.
- Led PM certification initiative for **116** PMs & CPMs across Asia Pacific, streamlining execution.

Urban Company - Category Growth Associate | Consumer Services Marketplace *2021 – 2022*

- Scaled Personal Chef category to **220+** subscribers in **7** months, achieving **45%** MoM retention.
- Improved AC category NPS from **42** to **45** by managing **20** SMEs and leading partner quality audits across **10K+** professionals; built SQL/Redash dashboards and launched Proof of Work campaigns.
